## MEXICO CITY GIRDED BY HILL BATTERIES TO RESIST ATTACK

### CORDON OF 2000 GUARDED THE PALACE

Machine Gun Mounted on House Tops When Uprising in Capital Menaced

BUT PLOT DIED SPEEDY DEATH—LEADERS SLAIN

Bloody Revolt Avoided by Quick Action—Huerta Scores Again

MEXICO CITY, Feb. 7.—The coup d'etat by which it was planned to overthrow General Huerta and envelop the capital once more in bloody revolution, died a premature death here today, and with probably many of the ring leaders. The coup was planned to break forth in the mutiny of the federal garrison and the capital police on Feb. 9, but quick disposition of the loyal troops frustrated the plans of the leaders. The city is now quiet, but the streets are patrolled by heavy guards. There was great excitement throughout the night but the reports of actual fighting in the streets and suburbs of Guadalupe were unfounded. Those captured while participating in the incipient outbreak are reported to have been executed.

MEXICO CITY, Feb. 7.—Huerta's troops arrested 130 conspirators after a stiff fight at Guadalupe, a suburb of the city, and seized a quantity of contraband arms and ammunition stored in the neighboring village of Santa Clara. At 10:30 o'clock the streets surrounding the national palace were packed with troops and Huerta was protected under a heavy guard. Minister of War Blanquet denied that hordes of Zapatistas are hovering on the outskirts of the city awaiting an opportunity to enter the city, and declared that the plot against Huerta was nipped in the bud.

**PREPARATIONS TO RESIST UPRISING WERE RUSHED**  
MEXICO CITY, Feb. 7.—Thousands of federal soldiers surrounded the national palace today while General Huerta and his advisers conferred. All houses around the arsenal have been cleared of their occupants, and machine guns have been mounted on the roofs. The federal soldiers slept beside these guns last night. The federal garrison at Guadalupe, four miles north of here, is reported as having revolted. Batteries are being mounted on the hills surrounding the capital commanding all approaches. Huerta is apparently expecting a speedy attack.

Rumors say that the police will desert to the rebels if they enter the city, and there is a revival of the rumor that Felix Diaz is heading another plot. Few slept here last night and the streets were filled with the noise of bodies of troops passing. Cavalry was clattering over the pavement, and there was much activity in all the legations.

Federal troops were spread throughout the city last night when rumors reached Huerta that a plot to end his life and overthrow his administration was nearing a crisis. Special guards were placed inside the palace, and picked troops watched outside. These were relieved at daybreak. The vigil is being maintained today.

The rumor has persisted that the disaffected police are at the head of the plot, but there is little actual information of the personnel of the ring. Diaz's name is frequently mentioned on the streets today, but the active presence of Diaz is not known here.

MEXICO CITY, Feb. 7.—The uprising has actually begun. Fighting at 11:30 last night was progressing in the suburb of Guadalupe. It was announced earlier that the government discovered a fresh plot today. General Blanquet, the minister of war, was then conferring with the commanders of the troops. All the soldiers in the city were sleeping on their arms and the palace guards had been strengthened. The garrison of one of the suburban towns started the revolt.

It is reported that the garrison at Guadalupe has revolted. It is also reported that there is an uprising in Santiago prison, and that the prisoners have been set at liberty.

**AVIATOR KILLED**  
BERLIN, Feb. 7.—Aviator Blank was killed at Wanne when his aeroplane overturned, and fell 800 feet.

#### RUMOR AWFUL DEED AT CUMBRES IS DOUBTED

EL PASO, Feb. 7.—No definite word was had today regarding the fate of the passengers and crew of the Juarez train destroyed by bandits at the Cumbre tunnel. Rumors that the passengers were locked in the coaches of the train and sent into the burning tunnel are not credited. A strong force of Gen. Villa's men, railroad and cattlemen and citizens of nearby towns are hunting for the bandits but no clew has been found.

**Juarez Discredits Rumor**  
JUAREZ, Feb. 7.—Information as to the real fate of ten Americans captured by Mexican bandits is still lacking but the report that seven railroad men were locked in a car of the train wrecked in the blazing Cumbre tunnel is discredited here.

**Washington to Observe "Boy Scout Sunday" Tomorrow.**

WASHINGTON, Feb. 7.—Churches here will observe tomorrow as "Boy Scout Sunday." Many pastors have agreed to preach sermons on "Service," the watchword of Scoutdom.

**Shippers of Wood Goods to Resist Rate Increase.**

WASHINGTON, Feb. 7.—Shippers of wooden barrels, pails, tubs and the like had an opportunity today to protest to the Interstate Commerce Commission against a grant of increased freight rates to the fifty-two Eastern railroads.

**Iner-Varsity Debate on Minimum Wage Law.**

WASHINGTON, Feb. 7.—Enactment of a minimum wage law will be the topic for dual debates here and in Philadelphia tonight between teams representing Washington University and the University of Pennsylvania.

**Chef Under Two Presidents, Passes Away.**

KANSAS CITY, Mo., Feb. 7.—Leon J. Gaston, who was head chef at the White House under Presidents Garfield and Arthur, has just passed away at his home here. Gaston was born in Paris fifty-seven years ago.

## CLEVELAND TO SUE JOHN D. FOR TAXES

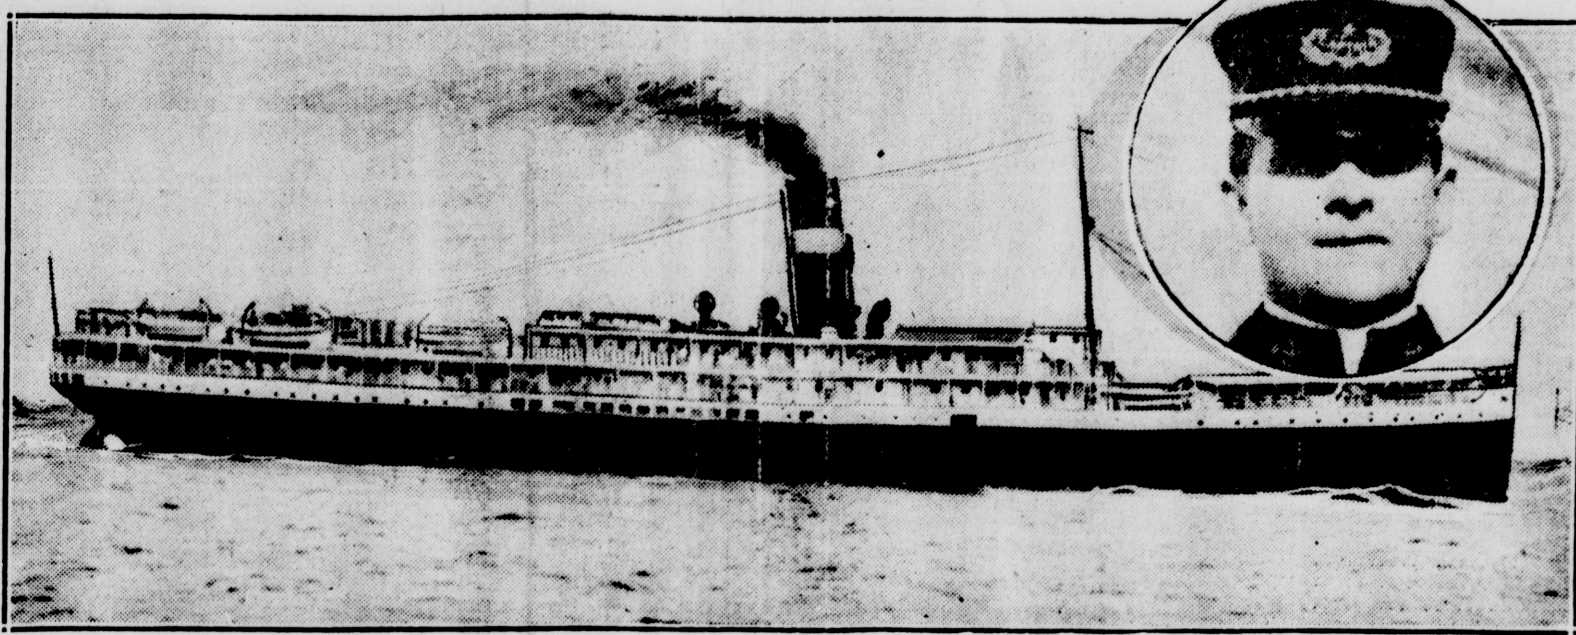

Croesus Refuses to Talk of Affair as He Reaches Tarrytown, N. J.

CLEVELAND, Feb. 7.—County Attorney Lecher today received instructions from Attorney General Hogan to sue John D. Rockefeller for his taxes on \$900,000,000 personal property. Unless he furnishes before night a list of his taxable holdings a penalty of fifty per cent will be added. It is believed that Rockefeller will base his defense on the grounds that he is not a resident of Ohio.

**ROCKEFELLER HAS NOTHING TO SAY AS TO TAX DEMAND**

TARRYTOWN, N. Y., Feb. 7.—J. D. Rockefeller arrived here today from Cleveland, Ohio, but refused to discuss the demand made on him for \$12,000,000 personal property taxes. As he stepped from the train a reporter asked what he had to say regarding the tax demand. Rockefeller replied: "I have nothing to say, but come up and play golf with me, won't you?"

## Old Dominion Liner Monroe, Sunk With Forty-four, and Captain Johnson

Forty-four persons were lost when the Old Dominion liner Monroe, said to be the staunchest vessel of the company, went down off the Winter Quarter Shoals Lighthouse on the Virginia coast. She was rammed by the smaller

steamer Nantucket of the Merchants and Miners Steamship Company. The Monroe was on her way from Norfolk to New York, while the Nantucket was headed from Boston to Baltimore. The vessel went down during a

heavy fog. Captain Johnson, going very slowly, had brought her to a standstill when he heard signals from the Nantucket. While both vessels were blowing signals they struck. The accident will result in an

investigation by the Department of Commerce. One has already been ordered, and it will be conducted by the Bureau of Navigation and the Steamboat Inspection Service.

## "POTOMAC" LOST SINCE LAST THURSDAY

Went to Fruitless Rescue of Fishing Fleet that Now Seems Doomed

WASHINGTON, Feb. 7.—A big government station wireless sputtered all day searching the frozen wastes of the Newfoundland coast for the navy tug Potomac lost in the ice, after an unsuccessful attempt to rescue the crews of the fishing schooners Lowell and Willard. The Potomac has been missing since last Thursday.

**Fishing Fleet Believed Lost**

WASHINGTON, Feb. 7.—The destruction of the American fishing fleet, jammed in the ice of the Bay of Islands off the west Newfoundland coast, seems certain according to dispatches today to the navy department. The navy tug Potomac was dispatched to attempt relief measures but was unable to get within ten miles of the doomed boats on account of the ice floe.

## "QUEEN LOUISE" IS ASHORE ON BEACH

Sends Cabin Boy in Breeches Buoy, to Land—Crew Will Strive to Save Ship

MANAQUAM, N. J., Feb. 7.—Manaquam life savers stood by today to save the crew of the British tramp steamer "Queen Louise," ashore on Squam Beach, in case the vessel broke up. Her rudder is gone, and the ship drifted all night, standing the heavy gale till daybreak. The life-savers shot a line aboard and Captain McDonough of the "Queen Louise" sent a cabin boy ashore in the breeches buoy. The boy reported the crew of twenty as in good condition and that they would remain on the ship as long as they had a chance to save her.

Earnest Row, a cabin boy, has denied rumors that Captain McDonough was compelled to quell a mutiny of Chinese sailors on the ship, shooting several. He denied that there were Chinese in the crew. The revenue cutter Seneca is standing by this afternoon ready to aid life savers if the vessel begins breaking up.

## TWO CHILDREN DIE IN FIRE BURNING RANCHHOUSE HOME

TACOMA, Feb. 7.—Two small children of Joseph Fuchs, a rancher at Hillhurst, was burned to death in a fire destroying the ranch house this morning. Fuchs was severely burned while rescuing a younger child.

**PLAZA RIOTERS GET TERMS OF IMPRISONMENT SENTENCES**

LOS ANGELES, Feb. 7.—Three months to two years imprisonment sentences were meted today to more than a dozen participants in the Christmas day riot in Los Angeles plaza in which one man was killed and a score injured. Pete Castereno, a Mexican, alleged to be the man who knocked down and slashed Police Lieutenant Krieger, was sentenced to two years, but the majority got a year.

## \$60,000 INVOLVED IN CONTEST GOES TO WIDOW

### Court Holds that Property Contested for by Heirs is Separate Property of Mrs. R. T. Harris

By a decision handed down today, Judge West rules that property worth \$60,000 is the separate property of Mrs. Maria L. Harris, widow of Richard T. Harris, who was an ex-sheriff and ex-treasurer of Orange county, and that the property is not a part of Harris' estate, subject to distribution to Harris' heirs, including brothers, sisters, nephews and nieces of the deceased. Mrs. Harris lives at the corner of French and Sixth streets, Santa Ana.

The decision is an important one, and is made in an opinion that, though lengthy, is clear cut, logical and indicative of deep judicial thought and research. R. T. Harris died suddenly of heart trouble on Nov. 28, 1911. The widow, Maria L. Harris, was appointed administratrix. Her first account of the property was objected to by Mrs. Clara G. Fulsom of Garden Grove, a sister of R. T. Harris, who contended that a large amount of property belonging to the estate had not been listed as property of the estate and would not be included in the distribution of the estate to the heirs, including Mrs. Fulsom, unless Mrs. Harris was ordered by the court to include the property.

Mrs. Harris was represented by Attorneys Scarborough & Forgy and Mrs. Fulsom by Williams & Rutan. Mrs. Harris' reply was that the property, worth about \$60,000, including \$4,035.78 on deposit in the First National Bank, various stocks and \$90,000 in notes, was her separate property. The matter was tried, and Mrs. Harris' case was rested upon considerable testimony showing that after she and Harris were married twenty-three years ago they signed an agreement on the fly-leaf of a First National Bank book, stating that the account was a joint account and that at the death of either the remainder should go to the survivor.

This seems to settle all question as to the bank deposit of \$4,035.78. Judge West holds that the evidence points conclusively to the fact that all stocks and notes came under the same agreement, because all of them were made out to "R. T. Harris or Maria L. Harris," and that frequent-ly in taking notes and stocks, Harris had explained that he wanted the word "or" used instead of "and" so that should either die, the other would have the property without having it go through the courts.

Judge West cites many authorities in his able opinion, and concludes his sixteen-page document with the following: From the foregoing authorities, and from the evidence, facts and circumstances, it does not seem that there can be any two opinions in regard to the balance of the cash in the First National Bank, and if Mrs. Harris is entitled to the balance of the cash, is she not also entitled to the notes and certificates of stock made and issued to R. T. or Maria L. Harris? They are obtained in the same way and pursuant to the same agreement and understanding. Then it follows, it seems to the court, that the certificates of stock and promissory notes made to R. T. Harris, and by him immediately endorsed and placed in their common safety deposit box in the bank, to which each had the same unrestricted access, and to which each had a key, must follow the same channel, for it certainly cannot be contended that R. T. Harris did not intend the title to such certificates and notes to follow the same course as the others. Can it be with reason contended that when the money was paid out for these stocks and promissory notes that it was no longer subject to the agreement made and entered into between Mr. and Mrs. Harris when they opened the joint bank account in the early part of their married life?

The court is of the opinion that the money and the notes and certificates of stock are all the property of Mrs. Harris pursuant to their agreement, and that she has the absolute right to claim and deal with them as her separate property, and therefore the court finds that Mrs. Harris did account for all the property belonging to said estate, that none of the property to which the contestant's objection relates, belongs to said estate, and that said account as filed should be, and the same is hereby settled and allowed, and the contestant's objections are overruled.

## SENATE ADOPTS NORRIS MEASURE

If New Haven Officials Are Prosecuted Must Come Under Federal Statutes

WASHINGTON, Feb. 7.—After Keenyon and other senators characterized the exposure of New Haven Railroad affairs as a tale of the infamy of a gang of plunderers, the senate passed the Norris resolution requiring the Interstate Commerce Commission to delve more deeply into the affairs of the railroad. Norris declared he had been informed that the Speyer Company, now fiscal agents in London for the navy department, had paid Paris bankers commissions of 7½ per cent to unload on French investors New Haven securities a few months before bankruptcy.

If there is any prosecution of the New Haven officials criminally, Attorney-General McReynolds said it would have to come under the state and not the federal statutes.

## 618,000 ADDED TO CHURCHES IN U. S. DURING YEAR 1913

WASHINGTON, Feb. 7.—The enrolled membership of the Christian churches within continental United States showed a net increase of 618,000 or 1.8 per cent, during 1913, according to statistics made public by the Washington office of the federal council of churches of Christ in America. The Methodist church led with 220,000. The total membership of the largest churches is given as follows: Roman Catholic, 13,000,544; Methodist, 7,125,000; Baptist, 5,924,622; Lutheran, 2,238,722; Presbyterian, 2,027,593; Disciples of Christ, 1,519,369; Episcopal, 997,407, and Congregational, 748,340.

**FAMOUS CASES APPEALED**

KANSAS CITY, Feb. 7.—The Missouri two-cent passenger law and maximum freight rate cases were sent back to the United States supreme court today when Federal Judge McPherson granted the railroads' application for appeal.

## REPUBLICAN OLD GUARD, SANTA BARBARA

Wright and Stanton at Helm; Progressive Republican League Meets

SANTA BARBARA, Feb. 7.—Two hundred old guard Republicans arrived here on a special train at noon today for a conference. The program was prepared by ex-State Senator Leroy Wright of San Diego and ex-Speaker of the Assembly Stanton of Los Angeles. Republican leaders from a dozen Southern California cities are present. The meeting was scheduled to open at 2:30 p. m. and will probably continue further tomorrow. Leaders were reticent before they convened.

**Progressives in Session**

STOCKTON, Feb. 7.—The progressive Republican League of California convened here late today for an advisory session. The sponsor of the organization is Rudolph Spreckels.

## FRIGID WEATHER SHROUDS THE WEST

Marches on to Eastern Shore and Hits Texas Coast—Zero Temperatures

CHICAGO, Feb. 7.—Freezing weather prevailed today throughout the central and middle western states. The zero weather extended as far south as the Texas coast and the storm is moving eastward. Bismark, North Dakota, was the coldest spot in the country last night, with the mercury at 32 degrees below zero. It was 28 degrees below at Valentine, Nebraska.

Bringing the lowest temperatures of winter a cold wave is sweeping eastward today and laid a frosty blanket on the Ohio valley and the upper lake region. At Sioux City the mercury went twenty-five degrees below. Storm warnings have been issued for Great Lakes and Atlantic shipping.

**COLD WAVE HITS NORTHWEST**

SPOKANE, Feb. 7.—Rising temperatures are reported throughout Washington, Idaho and Oregon. Billings, Montana, was reported as 36 degrees below zero yesterday. Suffering among the poor here was so intense last night that many sought relief in the jails. All westbound transcontinental trains are still late.

## 61,436 PROGRESSIVES ALREADY REGISTERED

SACRAMENTO, Feb. 7.—The Progressive registration figures received in the office of Secretary of State Jordan yesterday passed the 60,000 mark, the total being 61,436 after forty-nine counties had reported. Second notices have been sent to the county clerks who so far have not reported. The figures yesterday were as follows: Republican, 93,035; Progressive, 61,436; Democratic, 45,563; Socialist, 12,633; Prohibitionist, 6,996.

## PANKHURSTS DIVIDING FORCES

Suffrage Leaders Peaceably Agree to Disagree in Old England

MRS. PANKHURST SAID TO BE TIRED OF MILITANCY

Magnificent Country House Burned—Blame is Placed on Suffragettes

PARIS, Feb. 7.—Christabel Pankhurst denied today that any ill feeling existed between herself and her mother on one side and her sister Sylvia on the other. Christabel admitted there is a division in the family on woman suffrage matters. She said:

"My mother and I are working out plans for future suffrage campaigning. Sylvia doesn't agree with us, and has withdrawn to work along her own lines with her own organization. We are on the most friendly terms."

The report is general that the family differences arose from Mrs. Pankhurst's rumored decision to abandon militancy.

**Miss Emerson Chief Aid**  
Miss Sylvia Pankhurst, who has been heading the movement in East London, has broken away from the parent organization, known as the Woman's Social and Political Union, and has formed an independent body, which has been named the East London Federation of Suffragettes.

Miss Sylvia's chief lieutenant has been Miss Zelle Emerson, the American girl who has been sentenced to jail many times and has made many thrilling escapes.

**HAZEL BANK HOUSE FIRED IN SCOTLAND—SUSPECT WOMEN**

GLASGOW, Scotland, Feb. 7.—The suffragettes' arson squad fired Hazel Bank House, a magnificent residence at Totmattin, near here. It was totally destroyed. Suffragette literature was found on the grounds.

## SIoux PROTEST AT "MOVIE" SHOWING OF WOUNDED KNEE

PINE RIDGE AGENCY, S. D., Feb. 7.—The Sioux Indians are today making plans to send a delegation to Washington with a signed protest against allowing the moving pictures of the re-enacted battle of Wounded Knee to be filed in the government archives as an authentic production. The Indians are enraged at the film people, whom they claim distorted the action of the battle to belittle prowess of the Redskins.

Several instances are pointed out wherein the picture is distorted. They claim that General Nelson A. Miles, who took a prominent part in the film, was in reality fifty miles from the scene of the battle and so far as is known was never on the field, until he posed for the movies. They also claim that Buffalo Bill, who played the part of the hero in the film, was at the agency eighteen miles away when the real fight occurred. The Indians mournfully assert that only one Indian out of the four hundred that engaged in the battle survived. The Sioux have called a meeting of the grand council of the tribe to protest against the picture going down in history as authentic. They claim they were misled into believing it was only a sham battle, and did not know it was to be called Wounded Knee. The formal protest will be carried to Washington by three chiefs.

## GAS LEAK KILLS 41 IN AN OFFICE HERE DISCOVERED

LONDON, Feb. 7.—Illuminating gas, leaking from a broken pipe, asphyxiated forty-one employees of the insurance office of Moscow, according to a Central news dispatch. A porter found the leak after all but a few in the office were dead.

**GIRL'S CRAZY DEED**

NEWARK, Feb. 7.—Hazel Herdman, aged twenty, who was infatuated with Manning, shot and killed Mrs. Manning, in the announcement of the police.

## MARKS MAY BE A CANDIDATE

It is Reported that His Friends Are Urging Him to Run

FULLERTON, Feb. 7.—Many friends of City Attorney Marks here in Anaheim and Santa Ana and other parts of the county are urging him to become a candidate for District Attorney at the fall election. It is believed he will enter the race. Marks has been city attorney of Fullerton since this city was incorporated in 1904. He is a Democrat and was urged to accept the nomination for the Assembly two years ago, but declined.

There is an increase of nearly \$400 in passenger business at the Fullerton depot over the same month of last year. The freight tonnage handled at the local depot was much heavier in 1913 than in 1912. On account of Fullerton being the main junction point for Los Angeles and San Diego, overland and local passenger and freight trains, it is now necessary for the engines to switch the cars and make up trains here several hours every day.

## SALTS IF BACKACHE AND KIDNEYS HURT

Stop Eating Meat for a While if Your Bladder is Troubling You

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick, headache, dizzy spells, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acids of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness. Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink. Advertisement.

O. E. MANSUR, Secretary.  
Accountant's Report  
Orange, Cal., Jan. 28, 1914.

To the Board of Directors of the S. A. V. I. Co.  
Gentlemen:—Under instructions from your president, I have carefully checked the books of the company from September 1, 1912, to January 1, 1914, and can certify that they are correct. The secretary's report of receipts and disbursements and the statement of resources and liabilities, are made up from the totals as shown by his ledger. The amount of cash on hand and in bank in the several funds corresponds to that as reported by the bank.

In checking up the zanjaros' cards I find them in much better shape than the previous year, very few errors having crept in. This shows a careful and conscientious work done by them.

In conclusion, I wish to thank the secretary and his assistant and the zanjaros for the cheerful manner in which they have responded to all inquiries made of them in their several capacities.

Thanking you, gentlemen, I am, Yours respectfully,

R. L. FREEMAN, Accountant.

**Superintendent's Report**

Orange, Cal., Jan. 24, 1914.

To the Board of Directors of the S. A. V. I. Co.

Gentlemen:—Herewith is presented a report of the work done during the past year:

I have put in 29 measuring gates, replaced 40 old ones with new, 79

iron shut-off gates and 425 iron measuring gates.

Have made 26,352 feet of cement pipe in sizes of 8, 10, 12, 16, 18 and 24-inch.

Have laid 2950 feet of 6-inch steel pipe, 678 feet of 10-inch, 4048 feet of 12-inch and 1442 feet of 24-inch cement pipe; also constructed 7450 feet of 60-inch pipe, making a total of 25,394 feet, approximately 4.8 miles.

Have made cement foundation for old office building at Olive; put up barn 14x30 feet, tank house and tank; made connection to Ditch A with 3 1/2-inch pipe.

At head of Ditch B made box 4 feet wide and 50 feet long, to be used as a spillway.

On Ditch A have raised top of cement a distance of 1100 feet to prevent overflow.

At pumping plant No. 4 have put in 68 feet of curb, thus completing curb at a depth of 120 feet.

Started pumping plant No. 1 on the 2nd of May, No. 2 on the 4th of May, No. 4 on the 12th of June and No. 3 on the 15th of July; stopped No. 3 on the 9th of October, No. 4 on the 25th of October and Nos. 1 and 2 on the 30th of October.

The division gate was put in in April.

There have been three extensions of ditches accepted by the company during the past year.

Have raised gates, repaired ditches and bridges where necessary.

Respectfully submitted,

W. A. RALPH,

Superintendent S. A. V. I. Co.

**New and Amended By-Laws**

It being the opinion of the company's attorney that the action of the board of directors in allowing stockholders whose stock was sold at delinquent sale to redeem same, was contrary to law, a new by-law, No. 26, was drawn up, giving the board of directors the power to resell such stock to the former owners, and submitted to the stockholders and adopted by them.

By-law No. 2, pertaining to the annual meeting was amended so that in the future until again amended, the annual meetings will be held on the first Tuesday in February instead of the first Tuesday in October, as heretofore. This change was made for the following reasons: A report of business done has to be made to the state at the end of each calendar year. We also make annual settlement of our joint account with A. U. W. Co. at the same time. We will also have the records of one entire irrigating season in our report instead of a part of two, as has been the case heretofore. For these reasons your board of directors thought it best to have the time of the annual meeting changed.

**Litigation**

Since our last annual report the progress of litigation in which the company has been engaged is as follows:

(1) In the Long suit, after the decision of Judge Conrey, steps were taken by our attorneys for appeal, and while they were pending, compromises were made with a large part of the defendants, so that it became inadvisable to prosecute the appeal, and it was, therefore, abandoned.

(2) In the general action in the federal court against the Gage Canal Company et al., negotiations have continued and some progress made in settling the case without resorting to a trial, and it is quite likely such settlements will be made with remaining defendants.

(3) In the new action against the Fullers in the federal court, it has been impossible to secure a trial because the time of the one judge is entirely taken up with criminal matters and all civil cases have to wait until an additional judge is appointed, which seems probable in the near future.

(4) Nothing further has been done in the suit of Irvine against the company.

**Finances**  
In the secretary's report you will see that the company owes on its notes \$75,000. This we think is too great a debt, compared with the outstanding capital stock and steps will be taken to reduce it, either by doing less construction work or by levying another assessment. The former course cannot very well be taken, for when stockholders petition for a pipe line and are willing to do their share, they cannot very well be denied.

**Construction Work**  
You will see by the superintendent's report that 7450 feet of 60-inch pipe has been constructed. Such work as this is what takes the money, which you pay in assessments. The total cost of this work is \$25,394.05, or \$3.42 per foot. There remains about one-half mile of this size pipe to be constructed, which in all probability will be done next fall.

**Water Development**  
Plant No. 4 on the Field ranch, west of Olive, is completed, and has given good service the past season, pumping an average of 225 inches for the season. This plant and No. 3 on the same ranch have pumped an average of 250 inches, which is quite satisfactory, considering the scant rainfall of last winter. Plants Nos 1 and 2 have been doing as well as usual.

**Cost of Distributing Water**

Under the by-laws of the company the money received for the sale of water is supposed to cover the cost of delivering same, but in the past year it fell short about \$4000 of doing so, and unless the receipts for water sales during the winter months exceed the expenses by a considerable amount so as to have a surplus on hand at the beginning of the pumping season, a higher price will have to be charged for water during the summer months.

## HOUSEKEEPERS Must be Watchful

For great efforts are being made in this vicinity to sell baking powders of inferior class, made from alum acids and lime phosphates, both undesirable to those who require high-grade cream of tartar baking powder to make clean and healthful food.

The official Government tests have shown Royal Baking Powder to be a pure, healthful, grape cream of tartar baking powder, of highest strength, and care should be taken to prevent the substitution of any other brand in its place.

Royal Baking Powder costs only a fair price per pound, and is cheaper and better at its price than any other baking powder in the world.

## OPENS UP NOSTRILS, CLEARS HEAD, ENDS COLD OR CATARRH AT ONCE

Instantly Relieves Swollen, Inflamed Nose, Head, Throat—You Breathe Freely—Dull Headache Goes—Nasty Discharge Stops.

Try "Ely's Cream Balm." Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone. End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant

balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleaning, soothing relief comes immediately. Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous droppings into the throat, and raw dryness is distressing but truly needless. Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Advertisement.

### SOCIETY AND CLUBS

**Ladies' Aid Society**  
The Ladies' Aid Society of the Presbyterian church held its monthly business meeting Friday afternoon in the social room.

The meeting opened with a song service followed by scripture reading and prayer. The secretary's report was approved. The treasurer read the monthly report, also a detailed report of the proceeds of the bazaar held at Christmas time, which showed a fine profit. There are very few articles left on hand, which can be seen by applying to Mrs. J. W. McCullough if anyone would like to purchase. It was decided to dispose of them as soon as possible, purchase new material and begin at once making new articles called for now and also for the bazaar which they expect to hold next year. A letter was read by Mrs. McCullough, the president, asking the society to join a federation, but the ladies decided to consider the matter further.

A nominating committee was appointed to nominate the officers who will serve next year.

The society fully decided to purchase a new carpet for the social room, and a committee was appointed to select the carpet.

The society decided to hold its meetings every two weeks on Friday afternoon at the church.

**Union Meeting**  
In continuation of the services for Christian Endeavor week, the society of the Presbyterian church met the Loyal Workers at the Advent Christian church last night and were addressed by Rev. J. A. Stevenson of Santa Ana. Miss Lola Robinson was leader. Rev. Shannon read the scripture lesson and Rev. Blew introduced the speaker.

The song, "Oh, Soul, Make Room for Jesus," as sung by the joint choir was beautiful.

Rev. Stevenson's text was: "I have written unto you, young men because ye are strong." His talk presented the challenge of the gospel to the strength of the young people. The older as well as the younger people in the audience deeply appreciated the address of Dr. Stevenson, as he held up before them the high ideals for the use of strength of young manhood and young womanhood in the Christian life.

## WESTMINSTER NEWS BUDGET

WESTMINSTER, Feb. 6.—Rev. A. C. Junkin, an old resident and former pastor of this place, celebrated his 85th birthday at the home of his son, Walter D. Junkin, at Garden Grove, on Wednesday, Jan. 28. A large birthday cake decorated with 85 candles was a very pretty feature. Mrs. Junkin kept open house and all who called were served with ice cream and cake. A number of old friends from this place were among those who wished Rev. Junkin many returns of the day.

## GARDEN GROVE NEWS BUDGET

Home Missionary Society Held an All-Day Meeting

Tuesday

GARDEN GROVE, Feb. 7.—On last Tuesday the Home Missionary Society held an all day meeting at the Methodist church. The morning was taken up in reports of the different societies. The speakers for the afternoon were Mrs. Hill of New York, national organizer, who spoke on "Immigration," Mrs. Reynolds of Pasadena, Miss Hough of Los Angeles, who spoke on "Ellis Island," and Mrs. Rogers of Santa Ana who spoke on "The Yuma Indians." The Ladies' Aid served a splendid dinner at noon. There was a large crowd and a profitable day was spent.

Mr. and Mrs. Bert Mills of Los Alamitos are visiting with Mr. Mills' sister, Mrs. H. L. Parks today.

The Queen Esther Circle met at the home of Mrs. Mary Du Vaul to give to Mrs. Winters a shower. There were about fifteen present. Many useful presents were received by the bride. Mrs. Du Vaul served refreshments of layer cake, devil's cake, angel cake, orangeade, nuts and oranges. There would have been others but this shower was announced to be held at the home of Rev. Hull two weeks ago, but on account of a pouring rain only a few responded, so it was held today.

Mrs. Kendall who has spent several days in Los Angeles and Pasadena visiting friends returned to her home on Thursday.

Mrs. Will Litten of Whittier visited at the home of Mrs. O. F. Smith on Friday, and Mrs. Smith and children returned home with her to remain the rest of the week.

Mrs. W. D. Stark and two little girls of Los Angeles spent Thursday with Mr. and Mrs. K. G. Stark.

K. N. Coplin and Ethel Swall were married on Thursday evening at the home of Chas. Swall. Only relatives were present. The young people will be home to their friends after March 1. They will live in the Coplin home on Acacia street.

Mr. and Mrs. Frank Winters expect to move into their new home on next Monday when it will be all completed.

Mrs. Mary Peterson of Los Angeles, who is visiting her aunt and uncle, Mr. and Mrs. S. Penfold, will return to her home tomorrow.

Mrs. Sarah Mills and Annie Parks went to Richfield today to visit with Mr. and Mrs. Bert Mills.

## CELERY CROP ALMOST GONE

Last of Season Finds a Good Deal of Good Product

Left

TALBERT, Feb. 7.—Since the ground has gotten in working shape again the farmers are making good use of their time planting their beets. The celery crop has almost been harvested. In some places considerable damage has been done by the blight. Then there has been a great loss to the growers because the superintendent has instructed the field bosses not to put up anything except the best quality, hence lots of the good quality celery is being left in the fields.

The lower division of the channel of the Santa Ana river has been washed out by the rains to about five feet deep and about three hundred feet wide. The Mexicans have been supplying themselves with the wood which was deposited on the banks of the river.

The bridge contractors of the Talbert bridge have taken off the false work of the bridge and the pile driver has been gotten out of the sand. It was not injured.

The Talbert roads are being scraped and leveled up this week. They had gotten in a very bad condition in places.

The river directors have a crew at work now on Seventeenth street fixing the levee that had been washed out.

The Garden Grove Y. M. C. A. will have charge of the evening service of the local church here the third Sunday night, the 15th of this month. They will be at Bolsa in the afternoon at 3 o'clock of the same day.

Rev. R. R. Raymond of Santa Ana was here last Sunday and preached at the local church Sunday night.

The young people of the community had an Epworth League social last Friday night at the home of Mrs. A. F. Swift. A good crowd was present and all enjoyed the games and reported a good time.

Mr. H. Pope and family and P. A. Isenor and family took a trip to the Santa Ana canyon last Sunday afternoon. Miss Lena Bradley and Mrs. J. Smith went with Mr. Pope and family.

Mrs. Mary Klevengood of Pomona is visiting her mother, Mrs. W. D. Lamb, this week.

Mr. A. F. Swift and wife with their daughter Mildred spent last Sunday with Geo. Bradley and family.

Mrs. M. A. Nimmo, who has been under the care of a trained nurse for the past three weeks, was taken to Los Angeles Wednesday.

Mr. Chas. Wallace of Orange was in Talbert Wednesday on business.

Mr. J. R. Weddle and wife of Monticello, Ill., are visiting their nephew, S. E. Talbert, this week. They have been spending the week in Los Angeles.

Mr. Jay McCuiston has sold his interest in the ranch this year to his brother and has gone to San Diego to purchase property.

Count Boni still needs one decision.

ROME, Feb. 7.—The success of Count Boni de Castellane with the high law courts of the Vatican has developed into a seven-day wonder at Rome. Boni began his suit for divorce from Anna Gould in 1911. Although the first decision went against him he has since been able to ring up three successive decisions in his favor, these being rendered both by the Rota and the Segnatura tribunals. As a result of this success, Vatican wiseacres have no doubt that in the end the Duchess of Tallyrand will have to worry along with only one husband, the Prince de Sagon, instead of two as she is now trying to do.

The first decision of the Rota tribunal in 1911 declared the marriage between Boni and Anna Gould legal. Immediately thereafter, Boni came to Rome, and it is declared, made it public in the Vatican circles that having been an intimate friend at Paris of the new president of the Chamber of Deputies, he was a student, it would be possible for him to secure very favorable concessions for the Catholic missionaries in China.

Whatever the actual status of this may have been the fact remains that the new president of the Chinese republic has opened up the country to Catholic missionaries on a basis they never had before and it is equally a fact that since then Boni has been most successful in his suit before the Vatican law courts. Last March, the Rota tribunal reheard the case, and declared the marriage void. Immediately thereafter, Boni appealed to the tribunal of the Apostolic Segnatura, declaring she had not been notified of the second hearing.

The appeal left Boni in a delicate position. Ordinarily, at least a year is required for a Vatican tribunal to pass upon a question. Boni was obliged to wait and for re-election this spring to the French chamber of deputies from a Catholic district, where the fact that the Vatican had refused him a divorce, or that he had secured it merely by not allowing the Duchess of Tallyrand to defend herself, would have counted heavily against him. It was necessary, therefore, that Boni get both quick and favorable decision.

And both of these he did.

The Segnatura broke all precedents by hearing the case within a few months, namely last November, and then by deciding it shortly thereafter. It also refused the appeal of the Duchess of Tallyrand. As a consequence, Boni can now go before his French Catholic electors this spring with at least one full decision in his favor. This will probably enable him at least to be re-elected to the chamber of deputies, after which the Rota will grant the third hearing in the case, which will be the final.

The Rota has now rendered two decisions, the first in favor of the Duchess of Tallyrand, and the second in favor of Boni. The third one, which will necessarily have to agree with one of these, will be final, the procedure of the Rota requiring two similar decisions for the final adjudication of a case. Little doubt is entertained at Rome that this third decision will confirm the second one in Boni's favor.

WILL THE PUBLIC STAND FOR THIS?

The referendum law requires 20,000 signatures to a petition against an act of the legislature in order to suspend operation of such act until the next general election.

The legislature of 1913 passed an act establishing a "State Water Commission." Under the terms of this act such commission was to have charge of the regulation of water for all purposes.

This new act would affect the right, so called, of the Riparian Proprietor. This is an imaginary right and there is no statute of the state of California declaring such right to exist. It has been read into the California law by some of California's learned Judges. Other California Judges, of equal repute and learning, have held that such a doctrine does not exist in the arid and semi-arid portions of the state, because conditions do not call for such a doctrine. On the contrary, the doctrine of appropriation is the only doctrine that is applicable to conditions in such portions of the state.

This new law also affects the speculative holdings of various power and irrigation companies. If such a law had become operative, these so called "water rights" would have been declared void by the commission.

Feeling that their claims would die from "exposure," the power and irrigation companies and the riparian proprietor had a paid lobby working against the water commission act before the legislature.

Failing to defeat the act in the legislature, the opponents thereof raised a fund for the purpose of invoking the referendum laws against the act. In this they were successful; got about 30,000 names and had the act suspended until the 1914 election. It is said on good authority that five cents a name was paid to the agents securing the signatures to said petition.

The recent investigations by the San Francisco grand jury developed that the names to several of the petitions against Progressive measures were forged and that a number of the persons who actually signed their names were not registered voters.

It is believed that when a bona fide vote is taken upon the measure, it will be upheld and become a law of the state.

DECLINING BIRTH RATES

The opinion was expressed at the Conference for Race Betterment recently held at Battle Creek, Mich., that three great nations, England, Germany, and France, are facing race extinction as the result of declining birth rates. Dr. J. M. Cattell said at this meeting that if these races are to remain powerful a century hence there must be provision for selection of healthy mothers and for the cost of bearing and rearing children.

Today the man with a half dozen healthy and growing children is a phenomenon. He may not shine in society, but he is counted a pillar of the state. Yet the higher up in the social scale his neighbors may be, the less they follow his example and gain their share of similar public approval.

A college professor, writing in the Independent recently, showed how of the twenty members of his faculty, only one had had a child in nine years. The more a neighborhood advances in wealth, culture, and education, the less its stately homes are disturbed by the laughter of children. As the servant comes in the child goes out.

Perhaps the true cause is suggested by the fact that the sharpest decline in birth rate is shown among the French, the nation that is pre-eminent for thrift. It costs at least a third more to feed and clothe a child now than it did twenty-five years ago, the provision being the same. But standards are higher. Probably ninety-five per cent of men forty years old were patched "pants" to school as boys. What mother dares to send her boy to school with a patch today? Formerly when your child had sore throat and cough, you paid the family doctor \$1.00 for a prescription, and trusted to time to outgrow the trouble. Now people go to a throat specialist, and have the adenoids taken out, costing from twenty to fifty dollars. It's that way all along the line.

Every one believes in large families—except for himself! No wonder the birth rates look sick!

W. A. HUFF

After Dinner Chats With Walnut Growers

By Dr. J. G. Berneike, Corresponding Secretary of the Orange County Dried Fruit Association.

Members of the association have received their final payment on the standard grades, leaving now only the small payment for off grade walnuts yet to come.

The handling of the last walnut crop presented some unforeseen difficulties, both for the grower, and for the buyer. From an early estimate of a bumper crop there was a gradual shrinkage to the statement that the crop would not exceed that of 1912.

While authoritative figures on the crop of the state or of this county are not yet available, we will not be far out by saying that the crop in the state was smaller, but of Orange county a little larger. Which would mean that the other three walnut producing counties of the state (Los Angeles, Ventura and Santa Barbara) had less than the previous year.

The quality also turned out contrary to first expectations. During the early part of the season every thing was extremely favorable, and the prediction was for a crop of fine quality. Then the aphid appeared, and the crop suffered, although the amount of the damage was not discovered until harvesting. In addition came the hot day, Sept. 15, and this gave the blues to many growers.

Speculation and anxiety were rife as to the price which would be quoted by the associations to the trade. I told the readers of this paper that it would probably be placed at a figure to net the growers about 14 cents per pound orchard run. Events have turned out to show that I made a very close guess. I would call it only a guess, since I had no inside knowledge. Some members will find that they have possibly exceeded this a trifle, and more will find that they have fallen a fraction below. Had the quality and the size of the nuts been good, the net per pound, orchard run, would probably have mounted to 13c cents a pound, or very close to it.

Comparing results for the members of the association, it appears that some outsiders received a better price, while perhaps the majority received a lower price. It is also well known that some of the outside buyers lost money on some of the groves which turned out a large percentage of No. 2's. Some outside growers received 13c to 13 1/2 cents per pound, orchard run, and others as high as 14 1/2 cents, which is better than the price received by any member of the association. On budded nuts members of the association fared better than any outsiders, as far as I can learn.

When the price of 16 cent. per pound for No. 1, soft shells, and 19 cents for budded nuts was first announced there was mingled joy and fear expressed among growers. The price was higher than in any previous year, and would help to make up for a poor crop year. Yes, but

## SURPRISED ON BIRTHDAY

J. J. Van Wyk Was Honoree of Pleasant Dinner Party Last Evening

Mr. J. J. Van Wyk was one of the most completely and delightfully surprised of men last evening when a number of relatives gathered at the Van Wyk home, 1109 French street, to assist him in celebrating his fifty-second birthday, which rolled around yesterday. The affair was in the nature of a six o'clock dinner, planned and carried out by his wife and her sister, Miss Schalekamp. Lovely pink and white carnations and lacey ferns were used in table decorations, forming a beautiful centerpiece. The charmingly appointed dinner was served in three courses.

One of the happy features of the event was a toast given to the honoree by Mr. Asa Vandermast. In the course of the happy little talk, Mr. Vandermast referred to the fact that Mr. Van Wyk was born in the very thick of the civil war, and he drew a contrast between the peace and plenty and the national blessings now enjoyed, and the time of desolation and horror of the '60's. Mr. Van Wyk responded appropriately. A social time followed the dinner.

Dinner covers were laid for Mr. and Mrs. J. J. Van Wyk, Mr. and Mrs. Asa Vandermast, Mr. and Mrs. Walter Vandermast, Mr. and Mrs. Murray Vandermast, Mrs. Veenschoten and daughter, Miss Johanna Veenschoten, Miss Cynthia Schalekamp, Charles Van Wyk, Miss Ruby Wright.

## Presbyterian Ladies' Aid

The Ladies' Aid Society of the First Presbyterian church held a meeting Friday afternoon in the church parlor. Mrs. Morrison, president, presided. Mrs. C. Y. Martin led in the devotionals, and about sixty ladies were present.

Plans for a Colonial supper were discussed and while no definite date was decided upon it will be held about Feb. 24th. This is an annual supper. A reception to new members of the church will be held next Tuesday evening.

Refreshments were served by the committee, of which Mrs. J. W. Bishop was the chairman.

## For Popular Teacher

Miss Elsie A. Bell, well known as among the best liked teachers in the high school, was the complimented central figure in an informal affair on Thursday evening. A number of her English class students, invited by her apartment at the Kaiser and the evening passed enjoyably in a social way. Home-made candies, marshmallows and fruit were the refreshments served. The visitors included Misses Claire McPhee, Olive Lopez, Eleanor Sturgeon, Elsie Reuter, Esther Bird, Mabel King, Fannie Kingsbury, Eunice Zimmerman, Cammie Mitchell, Hazel Chapman.

## O. E. S. Instruction School.

Mrs. P. L. Tope, district deputy grand matron, O. E. S., today held a school of instruction for the officers of the various Eastern Star chapters throughout the seventeenth district. It was an all day meeting held in the Masonic Temple, and the social feature of the affair was a luncheon at the noon hour, at which the ladies of the Past Matrons Association, O. E. S., were hostesses. These ladies were afterward admitted to the school of instruction.

## Elected Officers.

Miss Caroline Haughton was hostess last evening to the members of the Epworth League of the South Methodist church at her home. A goodly number of members were in attendance and a social time was enjoyed. Cake, chocolate and candy were served during the evening. During the business hour the league elected the following officers:

President, Jay Brooks; first vice president, Miss Minnie Phillips; third vice president, William Sebastian; fourth vice president, Elmer Jones; treasurer, Cora Siefert; secretary, Thena Jones; chorister, William Haughton; pianist, Eunice Jones.

## WOMAN'S CLUB BIRTHDAY

Fourteenth Anniversary of the Founding Proved to Be Auspicious Event

One of the most delightful events ever enjoyed by the members of the Woman's Club of this city was the celebration yesterday of the fourteenth birthday of its organization, the event taking place at the handsome home of Mrs. R. H. English, 108 South Main street. The parlors were simply but effectively adorned with jardinières of pink roses and peach blossoms, while potted plants were at the landings of the broad stairway. At 12:30 o'clock the ladies who had been assembling for an hour, were invited into the dining rooms, for more than one had to be utilized for the forty guests who were seated at the beautifully appointed tables.

The tables presented a most charming appearance, centerpieces of violets and ferns, with fragrant violets scattered over the snowy linen, bending prettily with the shining silver and gaily china. A menu of unsurpassed excellence, of which deliciously prepared chicken with noodles was the piece de resistance, was enjoyed, the ladies finding their plates by the aid of handpainted violet cards.

At the head of the first table sat Mrs. I. D. Mills, the mother of the Woman's Club, and at her right hand was seated Mrs. B. Uttley, the present capable president of the club. After dinner, Mrs. Mills was introduced by Mrs. Uttley as the toastmistress of the afternoon. Mrs. Mills spoke in her usual happy vein, and in a bit of original rhyme written a la Kipling, compared herself to that famous heroine of childhood lore, the immortal "old woman who lived in a shoe," et cetera, winding up the comparison by saying she had solved the problem of not knowing "what to do by finding some good task for each one of her girls, i. e., the clubwomen, to accomplish, and well had they responded to the demand. She named all the presidents of the club, of which she herself was the first, and announced that the second president, Mrs. Dora Higbee, was present. Mrs. Lovisa Leslie, Mrs. Higbee and Mrs. Mills were the only charter members of the club at this anniversary event.

Mrs. Mills praised the club for its splendid history and for its present organization with its capable and efficient president, Mrs. Uttley, then called on Mrs. W. L. Grubb to open the members of the club, who responded as the roll call was read.

The talks were interspersed with musical numbers rendered as follows: Mrs. Mabel Sackman, Miss Amy Bent, Miss Freda Moesser, vocal solos; Mrs. Moesser and Mrs. Katherine Clark, piano solos; Mrs. C. F. and W. H. Crose, vocal duet. Every number was encores and graciously responded to.

A feature of the afternoon was the big club birthday cake which was brought in with ceremony in the middle of the afternoon. Mrs. Mills cut the cake and surely no confection every tasted better than did the slices of that delicious cake, which celebrated this fourteenth birthday of the Woman's Club, which has more than a local reputation for what it has accomplished both for its members and for the public interest.

## Anniversary Surprise

Great was the surprise of Mr. and Mrs. D. P. Leonard last evening when about thirty of their relatives and friends suddenly sought admittance to their country home near West Orange to help them celebrate their wedding anniversary, it being seven years since Miss Edna Ward of Santa Ana had become the bride of D. P. Leonard.

After a delightful time spent amidst games and music, all had settled down to a wholesome repast when N. H. Leonard of North Broadway sprang another surprise by ushering in his brother, S. F. Leonard, of Spring Valley, Minnesota, who, in company with his wife, had just arrived on a visit to the Golden State.

Among those present besides the honorees, Mr. and Mrs. D. P. Leonard and their three children, were Mr. W. E. Ward, wife and daughter Edith; Mr. N. H. Leonard, wife and daughter Frances; Mr. and Mrs. D. O. Minter; Mrs. C. S. Minter, Miss Dora Minter, Mr. R. H. McArthur and family; Mr. and Mrs. R. E. Johnson; Mrs. Donaldson, all of Santa Ana; Mrs. Gibson of Saskatoon, Canada; Mrs. Riggs, Kirkwood, Ill.; Mr. J. E. Ward and family of Tustin; Mr. and Mrs. R. S. King and wife of Fairmont, Minnesota; Mr. S. F. Leonard, Spring Valley, Minnesota.

## ONE PRESENT.

There will be a box social given at the First Christian church on next Monday evening, and every member of the church is invited and urged to be present.

## The Nightingale Club

The members of this club met at the home of Mr. and Mrs. Swarthout and had a delightful evening with whist. The house was festive with valentine decorations, red hearts being used as score cards. Ragged Robins were also used in profusion. In

the whist games, Mrs. J. C. Stearns won ladies' first prize, and Mr. J. E. Pearce was the fortunate man winning gentlemen's first prize. Consolation prizes went to Mrs. B. F. Nimmo and Fred Poole.

Most delectable refreshments were served on the card tables after the prizes had been awarded. Those enjoying the pleasant evening with Mr. and Mrs. Swarthout and their son and daughter were Messrs. and Mesdames Fred Poole, B. F. Nimmo, J. C. Stearns, Arthur Hoeter, Chas. Artz, J. E. Pearce. Mrs. Albert Pearce of Whittier was a guest of the club.

## Geological Survey's Oil Figures

In an exhaustive review of the petroleum industry during the year 1913, which is world-wide in its scope, David T. Day, of the United States Geological Survey, says of the situation in California:

"At the close of 1913 consumption in California had so nearly balanced the productive rate as to encourage the producers and, at least, to defeat concerted efforts toward restriction of drilling. Many of the wells of 1913 were gushers of the phenomenal type, and aided greatly in increasing the supply. The efforts to increase consumption succeeded fairly well, so that, except during the month of greatest production (September), when about 9,000,000 barrels were produced, the output and the amount sent to storage was less than 1,000,000 barrels.

"The Fullerton field continued to yield large gushers with sufficient frequency to justify attempts to reach the unusually great depth of the oil sands. "Farther north the 'west side' fields of Kern County continued as strong factors in the increasing output of the State, and the Buena Vista Hills, Elk Hills and other new districts gained in interest. Even the comparatively old Kern River field, near Bakersfield, sustained interest by wildcatting to the northwest, where the Standard Oil Company's well went into oil and aroused geological and financial speculation, affecting a large area.

"Cooling's year had many eventful features, including extensions of territory to the east and the discovery of additional deep sand yielding oils containing paraffin. The value of the field was indicated by the sale of the California Oilfields, Limited, to the Shell Trading and Transportation Company, an ally of the Royal Dutch Syndicate, late in the year.

"The Santa Maria field benefited by increased technologic development by which the oils efficiently were topped and dehydrated. These developments included the successful introduction of the Cottrell electric dehydrating processes. The adoption of the Trumble & Dyer topping and dehydrating processes and the great advance in methods for obtaining gasoline from natural gas were among the striking achievements of the year; but while less spectacular, the economies effected by many minor improvements in the great refineries at Point Richmond, Orem and El Segundo contributed perhaps equally to the general problem of efficient refining.

"In transportation, the new pipe line of the General Petroleum Company over Tehachapi Pass effected cheaper transportation to the south, and the natural gas line to Los Angeles was equally advantageous. Meanwhile several new tank oil carriers and oil-burning steamships were added to the Pacific Coast trade and added in increasing consumption."

## Railroad Commission Work

The State Railroad Commission has granted authority to the Home Telephone and Telegraph Company of Santa Barbara to issue its promissory notes in the sum of \$20,000 to refund other notes.

Authority to the Coast Counties Gas and Electric Company has been granted to issue \$150,000 6 per cent debentures to fund floating indebtedness.

James H. Northrop, Roger G. Lewis and Nolan B. Stadel have applied for a certificate of public convenience and necessity to operate an electric plant in Coachella Valley.

The Commission has granted authority to the San Francisco, Napa and Calistoga Railway to issue \$32,000 in bonds, to be used as collateral security for notes.

The Oceanside Electric and Gas Company has applied for authority to issue \$25,000 in bonds, a portion of which is to be used for refunding indebtedness and the balance for plant development.

The Standard Oil Company has applied for permission to issue \$4,500,000 worth of stock. The money, it was stated, would be used to construct another tank vessel, to buy new lands, to extend the company's tankage facilities and to carry on its manufacturing business generally.

The California State Board of Health has requested the Commission to prohibit railroads of California from placing wooden passenger coaches between steel cars on trains operated within the state. Such an arrangement increases the danger to passengers in case of collision or derailment, the health board asserts.

## As to Franchise Taxes

By a decision of the Supreme Court of California in favor of the Hartford Insurance Company, in which it was held that the exaction of a corporation franchise tax from the company was illegal, it is possible that the State may have to refund to corporations thousands of dollars. The decision holds that as the insurance company came under the provision of the tax law of 1910, which assesses banks, public utilities, corporations and insurance companies a percentage of their gross receipts in lieu of all other taxes, the Hartford company should be exempted from the payment of the franchise tax. Nearly every corporation coming under the law of 1910 has protested the payment of the franchise tax. Now that the precedent has been established other companies are expected to secure easy verdicts. The Legislature probably will be called upon to appropriate money for the refund of these taxes.

Speaking of the decision, Thomas Eby, secretary of the State Board of Equalization, said: "The decision has no bearing upon taxes made by assessments by the State board, commonly known as the State franchise tax. Under the law of November, 1910, corporations were taxed a percentage of the gross receipts, insurance companies upon their gross premiums, and banks upon the book value of their stock, the law exempting such corporations from all other taxes or licenses of any kind. Under this law, these kinds of corporations were exempted from paying the State license tax. This is all the Supreme Court has decided."

## Railway Mileage Increases

A summary of railway progress in the United States, Mexico and Canada during 1913, compiled by the Railway Age Gazette, shows a slight increase in mileage over that built last year, and about equal additions of new cars and locomotives. Seventeen receiverships were established, involving \$477,780,829 in funded debt and stock. Foreclosures, however, were five against twelve last year, the total mileage involved being 763.

New track in the United States during 1913 was 4467 miles; 1912, 4211. Canada built 3366 in 1913, 1912, 2432. Mexico built 389 miles during the year; the previous year 212.

New freight cars totaled 207,684, and 146,732 others were ordered. Last year 152,429 freight cars were built and 234,758 ordered. A few more than 3000 passenger cars were received, and as many more ordered this year, which is about the same as last year's figures. Roads received 5332 locomotives and ordered 3507 more. Last year they received 4913 locomotives and ordered 3515.

## Parcel Post and Living

"Experts of the Postoffice Department and the Department of Agriculture are at work on a series of investigations which they believe will accomplish more toward reducing the cost of living than anything that has yet been proposed," say a Washington special. "Their experiments contemplate the use of the parcel post in the transportation of commodities of all kinds, including living, directly from the producer to the consumer.

"There are two phases of the plan which they are working out for increasing the usefulness of the parcel post in this way. The first of these is to evolve more satisfactory containers for eggs, butter, vegetables and other farm products desired to be sent directly from the farm to the individual kitchen by way of the parcel post. The second and more important step to be taken in carrying out their policy is the development of a comprehensive system for disseminating information to consumers as to where they can purchase within accessible distances the articles they need without going to the middlemen, and also to the producer, information as to the exact locations of individual markets for his products.

"A problem, the solution of which bears directly on the success of both phases of this plan is what experts call the 'standardization of supply.' The dissemination of information as to the location of individual markets for individual farmers is to be undertaken by the Postoffice Department. The office of markets is in charge of Charles J. Brand, who is superintending the investigation looking toward the evolution of commodity containers especially adapted to parcel post transportation. Mr. Brand's investigation in regard to new types of egg containers practically has been completed."

## Searching for New Oil Fields

Oil men in the east, according to advices from Pittsburg, "are watching intensely for new strikes in the eastern fields. Efforts to find new pools last year proved so fruitless that all are starting the new year with renewed energy and are looking to West Virginia as the most promising for new pools and new producing territory. The high price that crude oil of the Pennsylvania grade commands is the incentive that spurs eastern operators to make a diligent search in every section that looks at all promising. West Virginia holds large areas of territory that have not been condemned and it is in these localities that it is hoped new pools may be found. The latest and most important strike was made a few days ago in West Virginia when the Walnut Creek Oil Company drilled in a well in the Burning Springs district, Wirt County. Strictly speaking, the well was regarded as a wild-cat, and when it came in flowing at the rate of 100 barrels a day caused the greatest excitement that has been witnessed since the discovery of the Blue Creek field nearly two years ago. Never in the history of the industry have producing properties reached so high a value as at the present time. In some of the old Pennsylvania fields the asking price is as high as \$3,000 a barrel. By this it is understood that a well or a number of wells producing a given number of barrels per day is estimated to be worth \$3,000 per barrel. The price quoted applies only to settled production."

## No Hope for Cheaper Meat

That there is little hope for expecting prices of meat to cheapen is the declaration of President H. A. Jastro of the American National Live Stock Association. In an address before the National Convention of the association in Denver this week Mr. Jastro said: "The prices of livestock and meats never again will be as low as in former years. There are now fewer cattle in this country per capita than in former years. The reason is that the business of raising them has not been so profitable or stable as other branches of agriculture or trade. Those who expect cheaper meat from the removal of the tariff will be disappointed. Beef scarcity is not confined to the United States, but every civilized country is confronted with a similar condition—population growing faster than the meat supply. My belief is that the removal of the tariff ought not to injure appreciably the livestock industry."

## Strains Arm Signing Checks

It is not often that an individual strains his arm or is stricken with writer's paralysis in signing checks, but that is what has happened to State Treasurer Kennedy of New York. Dining with friends in Albany Thursday evening, he said: "My wrist is sprained."

"Met with an accident?"  
"No; just from signing checks. One was for \$19,500,000, payable to the Manhattan Bank of New York; another was for \$8,000,000, and then others for little sums—a mere matter of \$10,500,000. Oh, my poor wrist."

Then the State Treasurer explained that the checks, totaling \$35,000,000, were to take up short-term notes issued by the State last year in anticipation of the bond sale of Wednesday, when \$51,000,000 State bonds were sold.

## Bonanza Struck in Nevada

In the Florence mine in Goldfield, owned by General Manager Parker of the Colorado Southern Railway, and which has produced \$5,000,000, a rich discovery has been made. Five feet of ore, the central seam of which is picture rock, running thousands of dollars to the ton, are exposed in a raise above the 350-foot level, 250 feet north of the shaft, in virgin territory. On either side of the central bonanza ore are two feet of quartz which runs \$200 to the ton on the average. The find is one of the most sensational in recent years in Goldfield.

## Pacific Electric to San Bernardino

The link which will connect San Bernardino with Los Angeles by trolley system which the Pacific Electric Railway is building will be completed May 10. About ten miles of track remain to be laid between Wade and San Bernardino. The new line really begins at Upland and swerves north of the Southern Pacific tracks, passing through Alta Loma, Etiwanda, Wade, Fontana and Rialto, a distance of twenty-one miles. The entire distance from Los Angeles will be less than sixty miles.

## Limit Postal Savings Deposits

A bill to remove the limitation on the amount that may be accepted from the depositors in the postal savings banks passed the House. The measure would permit unlimited deposits, but \$1,000 is fixed as the maximum on which interest would be paid.

## LOS ANGELES PRODUCE MARKET

The pineapple shipments have been heavy through the past two weeks, but the market has been cleaning up so fast on this tropical fruit that prices were advanced a cent a pound yesterday. The "pines" coming in most recently have been of very large size and of fine quality. They are worth up to 7 cents a pound. Shipments of avocado pears from the Hawaiian Islands have also been good and a heavy consignment has just been received. This fruit is selling at \$5 per dozen on the best quality. Another foreign importation comes from Cuba in the tomato. The stock is not as perfect as that from Mexico, but it is better than any local offerings and consequently is moving well. The price has been dropped from \$2.50 to \$2 and \$2.25 per crate. There was a lull in the market on staples. The demand right through the list was of sufficient size to prevent any changes in quotations. Egg receipts were 329 cases. Some eastern eggs were reported in, but the shipment was very small. Petaluma eggs continue a most important factor. Butter moved sluggishly and receipts were 31,880 pounds.

## ORANGE COUNTY REPUBLICANS TO MEET

Gathering is to Be on Lincoln's  
Birthday at the City  
Hall

The call for the meeting of Republicans of Orange county for a meeting to be held Thursday of next week to form a Lincoln Republican Club has been signed by Republicans from various parts of the county, and is published today.

The place of meeting will be at the city hall, Thursday evening.

The call as issued and signed follows:

"We, the undersigned, believing that conditions throughout the country, and perhaps more particularly in California, indicate that the people are anxious for a return of those principles and policies under which this nation enjoyed the greatest prosperity in its history; and realizing that any political success depends primarily upon an earnest and efficient organization in which all voters may participate, hereby call a meeting of Republicans to be held in the city of Santa Ana on the evening of February 12th, the birthday of Abraham Lincoln, the greatest of all Republicans, for the purpose of organizing a Lincoln Republican Club and inaugurating a vigorous campaign for protection, progress and prosperity.

## NOT MANY HUNT POSITIONS ON COUNCIL

Two Trustees at Orange Will  
Not Run Again—No Candidates Yet

ORANGE, Feb. 7.—Up to the present time no one has made known a desire to be elected as a member of the Board of City Trustees. But it is early, and time enough for a dozen candidates to get into the race.

The term of C. C. Stoner is ending, and W. G. Hagen was appointed in place of J. L. Wheeler, resigned.

Neither Stoner nor Hagen will be a candidate for re-election.

Webb and Machleb have been city clerk for six years, has not yet decided to be a candidate for re-election.

W. E. Clement, city treasurer, is a candidate for re-election. The election is to be held on April 13.

AT THE COURTHOUSE

\$5000 PAID  
BY BONDSMEN

Webb and Machleb Pay Up for  
Disappearance of Herbert  
Dyer

This morning District Attorney West turned over to the county a check for \$5000 given to him by W. P. Webb and Machleb in payment of the amount sued for by the county in the action brought against Webb and Machleb, bondsmen of Herbert Dyer, who fled from the county.

Dyer was charged with felonious mistreatment of his step-daughter, Webb and Machleb went his bond, and took a second mortgage on property near Anaheim to secure themselves. It is understood that the property is valuable enough to meet both the first and second mortgages.

Case Dismissed

This morning Judge Thomas dismissed the appeal case of Linden against Almansa, in which Justice Cox gave judgment to the plaintiff for \$250. On appeal, Judge Thomas decided that the case was an action to settle partnership differences, and that the justice's court had no jurisdiction to try it. S. M. Reinhaus was attorney for Almansa, who took the appeal. The parties to the action live at Huntington Beach.

Cross-Complaint

An answer and cross-complaint was filed today by Attorneys Melrose and Ames for the defendant in the action of E. O. Allbritton against Louis Henning. Allbritton asks \$1500, alleged to be due for drilling a well. Henning alleges that the contract called for a well 350 feet deep, and that Allbritton quit at 200 feet. On account of scarcity of water, the filling of a pit and for disbursements, the defendant declares he was damaged \$1886, and asks judgment for that amount. The litigants live at Anaheim.

Registration

The total registration up to today is \$973, as follows: Republican, 3632; Progressive, 1495; Democrat, 1930; Prohibition, 711; Socialist, 285; Declines to state; 891; Independent, 27; Federation, 1.

Court Notes

No decision was reached yesterday in the hearing before Judge West on an order to Harrison Kuebler of Anaheim to show cause why he should not be punished for contempt of court for not paying \$40 maintenance to his wife, Oswega Kuebler. Kuebler stated that his health is poor, and he is not now able to pay the \$20 a month as ordered. The matter will probably be left to Judge Sloan of San Diego to hear, he having tried the case when the order for maintenance was made.

Peter Berg has filed a declaration of homestead on property at Placentia, worth \$5000.

J. N. Anderson, Simon Lybarger and L. A. Evans were appointed appraisers of the estate of Minnie M. Bentz.

Marriage License

John M. Greer, 28, and Martha F. Biss, 25, both of Fullerton.

Title Is Quiet

A suit was brought and quickly ended in the superior court yesterday in order to clear a cloud upon the title to lot 28, Morse Villa tract, Santa Ana. Clarence E. Burrier was plaintiff with Williams & Rutan as attorneys, and F. W. Mansur as administrator of the estate of L. H. Burrier, with H. C. Head as attorney was defendant. The case was heard by Judge Thomas and the decree given the plaintiff.

For Guardianship

L. H. Hill has applied for letters of guardianship upon the estate of William H. Johnston, aged 20. The estate consists of \$1100 interest in the estate of L. H. Burrier, with H. C. Head as attorney for the petitioner.

Tea "Dainties"

Take two cups of powdered sugar, half a cup of butter, a cup of sweet milk, the whites of four eggs, a teaspoonful of lemon extract, two teaspoonfuls of baking powder, and flour enough to make a soft batter. Beat this batter hard for ten minutes before putting into heated patty tins. Bake quickly and allow to cool. Then use with a soft filling made from whites of eggs mixed with enough powdered sugar to make it stiff.

## Woman's Fads and Fancies

NEW YORK, Feb. 6.—There's a tang in the tango that has gotten into everyone's blood. The tango is everywhere, and everything is tango. Strong men and fair actresses have had stronger cigars and weaker fumes named after them, but nowadays everything from tobacco to toothpaste, from hardware to haberdashery is done in the name of the tango. Certain it is that the little milliners and dressmakers and boot-makers and corsetiers and hair-dressers and jewelers have gotten busy and brought forth enough tango togs to cover us from the tips of our tango heads to the tips of our tango toes.

First and foremost of all is the new tango hair, which is the most hectic of hues, dubbed tango red. Perfectly good tango hair may also be done in other equally riotously radiant shades, such as cobalt blue, mauve, Nile green or orange. Then your tango dyed locks should be gone in the tango coiffure which means that it must all be loosely waved, drawn neatly back from the face and the back hair fastened and tucked under at one side of the head with a jeweled tango comb or tango jeweled tango pins. Perch on top of all one of those fascinating little lace tango caps exploited by Mrs. Vernon Castle and the tango head is fashionably complete.

The tango corset should be the start and foundation of your tango toilette de luxe. The accepted model is of silk tango with but one bone in front and back. It allows the figure full play and yet is so admirably constructed that it confines and holds well in its proper place any undue embonpoint.

Over this foundation you may take one of three choices. The tango pantalets which start from the waist and fasten snugly about your ankles, the tango garter pantalets, which are dainty lace and chiffon ruffles fastened to either knee with a satin garter, or the dainty lace incrustated tango petticoat, scant and diaphanous and slit at either side to allow your dip and glide full sway.

The favored tango frock of the moment is of softest taffeta. It almost invariably boasts a tunic a la Minaret, although a model simply dubbed "Tango" which is being exploited by a well known Paris firm has a decided panner in its first and original form.

Tango stockings are agile with beaded or spangled flora and fauna, while the favored tango slipper is the cothurne with its jeweled tango slides and buckles.

Next in favor to the cothurne is a plain satin slipper with a rhinestone buckle and the newest variation to be sprung in the buckle ornamentation line are tiny jeweled tassels fastened on the instep which bob and sparkle seductively at every tango twist and turn.

It is with just these fascinating and expensive touches that the jewelers get in the dance. They have you by the ears with lovely, long and bobbing tango earrings, glistening with semi-precious gems that scintillate with every toss and quiver of a lovely tango head. Charming waist-long strands of varicolored tango beads they offer also, and their latest chef d'oeuvre is the tango ring.

It is of a larger ring, the dimensions of a dinner ring, barbarically Oriental in effect and always composed of sparkling stones that fail not to catch the light and twinkle even as the twinkling toe.

These rings show up well on either fair hand, whether it be the one coyly held out stiffly at right angles to the body in the tango partners' clasp or the one that rests coyly upon his manly tango shoulder.

Of course as the last essence of tango perfume you must spray your hair and hank with the newest Tango perfume and there you are a finished tango product. Oh, there's no doubt about it, clothes and all, we're not merely tangoing mad, we're already tangoing.

PRIZE FIGHT AMENDMENT  
SURE OF PLACE ON BALLOT

SACRAMENTO, Feb. 7.—A place on the ballot in the November election was assured the constitutional amendment to prohibit prize fighting in California, when a supplemental petition of 1275 names was received today from Alameda county. The total signatures to the petition now exceed 32,000. Only 30,000 was necessary.

TO HONOR TILDEN

NEW YORK, Feb. 7.—Herman Ridder, chairman of the Tilden memorial commission, has President Wilson's assurance that he will press the button in Washington that will unveil the portrait of Samuel J. Tilden at Carnegie hall Tuesday night.

STANDARD OIL DROPS

NEW YORK, Feb. 7.—Standard Oil shares broke sharply on the curb today, losses of from five to sixty points being recorded. This was attributed to the failure of the Standard company of New York to stand more than a \$2 dividend.

Mannish

Mr. Dumbley—How awfully mannish she is! Miss Smart—She is, indeed. Mr. Dumbley—Yes, and the funny part of it is she thinks people admire her for being that way. It's queer she doesn't realize that people are only laughing at her. Miss Smart—Well, she's mannish even to that extent.—Philadelphia Press.

Hard Luck

"Broke, eh? What became of your 'Seeing London' scheme? Those touring cars work everywhere else." "Couldn't get any business for three months." "Are Londoners that slow in taking up a new thing?" "You don't understand. We struck a long run of foggy days."—Kansas City Star.

## DIPLOMAS ARE PRESENTED TO THE GRADUATES

Unusually Pretty Exercises  
Graced Departure of  
the Class

One of the prettiest graduation exercises every held by a grammar grades class in Santa Ana was that held last night at the Intermediate School, when thirty-one bright boys and girls were given their credentials for passing from the Intermediate School to the splendid new Polytechnic High School.

The exercises were held at the school, the room being prettily decorated for the occasion. The Japanese opera, "Sunrise Land," was the chief center of entertainment, with an abundance of pretty effects in costumes. The participants are to be congratulated upon the smoothness with which they went through with the play, and other congratulations are to be showered upon Miss Hazel Bemus and Miss Winifred Roberts, who trained the students.

The graduates were presented by the principal, W. C. Roberts, and diplomas were awarded by W. L. Duggan, president of the Board of Education. E. H. McMath, principal of the high school, welcomed the graduates to the higher institution.

The graduates are: Douglas Gordon McPhee, Orlyn Nelson, Robertson, Lois Hazel Smith, A. Kathleen Stewart, Lois May Taylor, Roscoe H. White, Clara Belle Duggan, L. Lorna McIntyre, Felton Butler Browning, Edna C. Copeland, Vivian Catherine Cox, Orpha Holbrook, Gertrude Evelyn Carnahan, Harry Hampton Kerr, Mark C. Wilson, Elvira E. Lamarque, Walter L. Kaufmann, Earl H. Kaufmann, Wesley Jayne, William E. Johnson, Stella P. Huntzinger, Margery Gwynne Goddard, Reginald A. Hill, Grace Echardt, Frederick Earl Finor, David E. Smiley, Ralph Harvey Petz, Irvin Malvin Petz, Chester Forrest Meyers, Carl D. Krock.

## 10 CENT "CASCARETS" STRAIGHTEN YOU UP

When Headachy, Bilious, Constipated, Stomach Sour, Breath Bad

Get a 10-cent box now.

Turn the rascals out—the headache, biliousness, indigestion, the sick, sour stomach and foul gases—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great.

A Cascaret tonight straightens you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love Cascarets because they never gripe or sicken.—Advertisement.

A Winter Cough

A stubborn, annoying, depressing cough hangs on, racks the body, weakens the lungs, and often leads to serious results. The first dose of Dr. King's New Discovery gives relief. Henry D. Sanders, of Cavendish, Vt., was threatened with consumption, after having pneumonia. He writes: "Dr. King's New Discovery ought to be in every family; it is certainly the best of all medicines for coughs, colds or lung trouble." Good for children's coughs. Money back if not satisfied. Price 50c, and \$1.00. At all druggists. H. B. Bucklen & Co., Philadelphia or St. Louis—Advertisement.
